## HOME BUILDING AND LOAN ASSN. GROWING RAPIDLY

Will Sell Additional Stock  
and Increase Their  
Business.

With very little noise, but much work and well directed energy, the Home Building and Loan Association of this city is growing by leaps and bounds and bids fair to be, within a few short years, one of the strongest financial and loan organizations in this part of the southwest.

Established a little over a year ago with a capitalization of \$250,000, the organization has grown to where, some time ago, it was necessary to increase the capitalization to a half million dollars, and it is believed that in a year's time or less the company will ask that the capitalization be raised to one million dollars.

Mr. John P. McKinley, secretary of the association, informed a News reporter yesterday that within a few days a drive would be inaugurated by the association to sell the remainder of the unsold stock under the increased capitalization of a half million dollars. Mr. McKinley gave it as his opinion that the stock would be disposed of readily. First, because of the fact that the prospective purchaser can be shown at once that it is one of the very best paying local enterprises to be found, and, second, because the men engaged in the enterprise are one and all safe business men and men who would not put their money into an enterprise that was not gilt edge in every particular, and resigned to be of service to the community as well as for profit to themselves.

The officers of the Home Building and Loan Association are: R. W. Simpson, president; M. C. Wilson, vice-president; John P. McKinley, secretary and W. L. Whitaker, treasurer. The directors are: R. W. Simpson, P. A. Norris, C. H. Rives, M. D. Timberlake, M. R. Chilcutt, M. C. Wilson, R. E. Blanks, W. H. Eby, F. J. McFarland, W. L. Whitaker, W. J. Coffman.

Could any man with money to invest wish for a better or more reputable set of hard-headed business men to entrust it with? Not only that, but the association is organized and operated to build up the city of Ada by loaning money, at a reasonable rate of interest, to its members only, for the purpose of buying or building homes and business houses.

In many of the older states these organizations are far stronger than the long-range money lending concerns operating, and in many instances stronger and better prepared to aid the people than the local banking institutions. In fact, it is an institution designed for the benefit of the local citizen and home owner.

The shares in the Home Building and Loan Association is sold on easy terms and the returns are splendid when the benefits and privileges are all taken into consideration. Many substantial loans have been made since the organization opened for business, and as a consequence many homes and improvements have resulted. The secretary stated that there were many more applications for loans than the organization was able to take care of, and it is in this condition, coupled with the splendid financial success of the venture so far, that makes it seem necessary at this time to begin immediately the sale of the remainder of the stock of the present capitalization.

Mr. McKinley is very optimistic for the future of the association and believes that it will be doing business within another year under a million dollar capitalization. If this dream is realized as it no doubt will be, it will mean an enormous expenditure of money right here in the city for new and remodeled homes and business houses. This means a bigger and more progressive city, and means that the Home Building and Loan Association will not only become a Gibraltar financially but a great public benefactor as well.

### Non-Partisan Takes Lead.

FARGO, N. D., Nov. 5.—After trailing behind in the vote since election night, Gov. Len J. Fraizer, republican candidate, endorsed by the non-partisan league, took the lead today in the gubernatorial race.

### Those Dear Girls.

Agnes—He had the nerve to ask me to marry him.  
Maud—That required no nerve, dear. Of course he knew you wouldn't.

### A NEW NOVEMBER

As it comes, people look upon November as a month of shrill, gusty winds, spitting snow, and whirling leaves, a bleak, dire and doleful brother in the year's family of 12 children.

Why isn't it a month of happiness and good cheer? It is filled with good things. November is the month of Thanksgiving, which is to be celebrated in goodly style on Thursday, the 25th of this month. November smacks of turkey and cranberry sauce, and of football and chrysanthemums. It is a hunting month, too, when devotees of the gun are out for big game and small. Then the barns of the farmers are fat with the harvest, though the fields are bare. Cellar shelves sway under the weight of newly canned fruit. Cellar bins bulge with their weight of apples and potatoes and cabbages. The kraut barrel gives off an appetizing odor. Pigs are ready for sacrifice and hams and bacon will soon be curing in the smoke of corncocks and hickory.

On the farm the month of November is the month of cider making and apple butter "culture." The cold, snappy days are really great days. November, both in city and country, ought to be a glad season. The keen air makes one move the faster. The blood tingles and one feels that it is good just to be alive.

## HARDING PLANS FOR VACATION

Headquarters Virtually Deserted as President Elect Prepares to Leave.

By the Associated Press

MARION, Ohio, Nov. 5.—In final preparation for his first real vacation in months, President-elect Harding today disposed of the last remaining business of his campaign headquarters here and virtually abandoned the headquarters building, which has housed his office and campaign assistants since July. With Mrs. Harding and a party of friends he leaves tomorrow morning for a month's vacation trip that will take him to southern Texas and probably to Panama.

As Mr. Harding began his last day's work in the Harding campaign headquarters, workmen were clearing from the Harding lawn, next door, demolished standards and the remains of last night's celebration in which several thousand of his neighbors of Marion and nearby towns paid him a tumultuous tribute as the successful presidential candidate.

Soon after his vacation trip which is to end early in December, Harding is expected to take preliminary steps toward a consultation of statesmen, which he has promised throughout the campaign, for the formulation of America's program toward a world peace association. Whether he actually will assemble such a council before his inauguration, however, is regarded as doubtful.

## LEGS CRUSHED OFF BRAKEMAN DIES AT HOSPITAL HERE

Karl Kimbrew Succumbs  
Following Accident on  
Katy Spur.

Karl Kimbrew, Katy brakeman whose legs were crushed under the heavy wheels of a moving freight car shortly after 10 o'clock yesterday morning, lived but three hours after the accident. He died at the Faust hospital at 1:10 p. m. His relatives did not arrive from Atoka until 4 o'clock. The remains were taken back to Atoka last night for burial.

Kimbrew was but 21 years old. He had been married but a short time, and took up railroading only two weeks ago. The accident which caused his death occurred on a railroad spur near the American Glass Casket company's factory. He is said to have been standing on a coupling piece with the intention of making a coupling between two cars. The car on which he was standing was suddenly pushed by the switch engine, and the jar caused him to fall under the wheels. Both legs were crushed off just below the waist, and his body was bruised by the fall.

Physicians at the hospital staunch the flow of blood and tried to bring the injured man out of the shock, but he succumbed almost before any relief could be given. The body was taken to the Criswell undertaking parlor where it was prepared for shipment.

Kimbrew was well-built and strong. His young wife and mother became frenzied when they beheld his dead body upon arriving here. They had seen him leave home so robust and healthy that death was farthest from their minds. He was full of hope for making good as a brakeman, the little wife declared, and both she and his mother were hopeful that he would succeed. The shock of seeing their dear one lying there lifeless and mangled was too much for them, and they sobbed in heart-broken sorrow.

Walter Kimbrew, a brother of the dead man, the father-in-law, an uncle and several cousins accompanied the wife and mother on the trip from Atoka.

### Couldn't Act In Pie Case.

TERRE HAUTE.—Inspector of Weights and Measures J. A. Buck admitted here the other day he couldn't function in one important matter. "Bought a pie at the bakery," telephoned a housewife. "Took it home and found exactly three blackberries between its crust. What are you going to do about it?" "Nothing," said Buck. "What's your plan?" Buck says blackberries are out of his jurisdiction.

## OFFICERS TO KILL DOGS ON STREETS

The dogs must go from the streets of Ada. That's the edict of the city authorities, and a squad of officers were out with rifles this morning to put the edict into effect. It was reported at noon that four had been shot.

This action on the part of the officers followed on the footsteps of an attack on Miss Maine Noe, clerk at the Dunlap store, by a vicious dog Wednesday night as she was going home from her work. The dog sprang upon her, biting and scratching. This dog was among those killed by the officers this morning. Its head will be sent to a Pasteur institution to determine if it had rabies, so that the girl can be treated accordingly.

The News has repeatedly called attention to the menace of having dogs running at large on the streets. There are those who believe they should be shot down, license or no license, as a license does not prevent a dog from being a menace on the streets.

"The place to keep a dog is at home," said a prominent citizen this morning. "No exceptions should be made. The law requires that you take out a license to keep a dog, but that license does not give you the privilege of letting your dog run at large on the streets, jeopardizing little children and girls going and coming from school and work. The officers are to be praised if they make no exceptions and kill them all. The streets are for the public, and the public should be protected."

Fully a dozen dogs were seen at one place on Main street this morning, and several were hanging around at Broadway and Main.

## LLOYD GEORGE FACES GRAVEST CRISIS

This photo of Premier David Lloyd George and his wife is one of the most recent ones of the British leader. It was taken recently at Euston station on his way to North Wales.

The death of Terence MacSwiney, lord mayor of Cork, in Brixton prison after a hunger strike in protest against England's treatment of the Irish, has brought to Premier Lloyd George's door the gravest crisis that veteran diplomat has faced in his long career as a diplomat and leader. Parliament recently expressed its approval of his course by an overwhelming vote on a "confidence" resolution. The British press, however, has criticized the premier's handling of the Irish question.

## A REPUBLICAN MAJORITY IN BOTH HOUSES IS ASSURED

With a United Family the G. O. P. Can Go Forward with Legislation Without the Excuse That a Divided House Blocks the Work; Will Be Closely Watched for Four Years.

By the Associated Press

NEW YORK, Nov. 5.—With the size of the president-elect, Harding's electoral vote virtually settled at 404 out of a possible 531, and the complexion of the next senate set down as 59 republicans and 37 democrats, republican leaders today awaited belated returns on eight contests in six states to fix the exact size of the republican house majority.

Exclusive of the eight undetermined seats in the lower house the republicans had 286 members to 137 democrats and four other designations, a plurality of 149—the greatest ever held by any party in the house. The nearest approach to it was in the fifty-second congress, when the democrats had a lead of 148.

Republicans appeared to be assured of better than an even break on the eight outstanding seats, which would give them a record party margin in the house. The seats still in doubt were the fourth Maryland district, eighth Minnesota, fifth Missouri, fifteenth, twenty-first and twenty-third New York, first North Dakota and fifth West Virginia.

A further possible democratic

upset appeared possible in the fourth Tennessee district where W. F. Clouse, republican was reported to have forged slightly ahead of Cordell Hull, earlier reported elected.

The senatorial majority was settled late last night when belated returns from the mountain regions of Kentucky gave the republican candidate, Richard P. Ernest a victory over Senator Beckham.

Montana with a large part of her vote unreported still was technically in the undetermined column as to the disposition of her four electoral votes, but as both of her representative contests went to the republicans and the presidential vote so far counted favored Harding, it seemed likely she would fall into the long Harding list. Without Montana Harding would have 400 electoral votes.

Yesterday's count in Oklahoma assured the nations new women voters of one representative in the lower house. Miss Alice Robertson of Muskogee, Miss Robertson was an anti-suffragist prior to the adoption of the 19th amendment and made the congressional race "to see if the men meant it when they thrust the vote upon us."

## Red Cross Makes Happy Home For Disabled Sailor

Again the Red Cross has scored. As the result of efforts on the part of Mrs. Orville Snead, home service secretary in charge of Red Cross headquarters here, back pay to the amount of \$2,200 has been secured for John T. Trimble, a disabled sailor who enlisted when Uncle Sam went after the Hun. And Trimble has bought a forty-acre farm near Ada and is living happily with his wife and baby.

Young Trimble wanted to help put the German submarines out of business, and was assigned to the U. S. "Baltimore," one of our big dreadnoughts of the Atlantic fleet. He underwent an operation for appendicitis in November, 1917. It appears that the physicians discharged him too soon, and when he resumed active service the stitches broke and the wound was reopened. He was later discharged from the navy as temporarily totally disabled, with pay. He did not receive the

## This Proves That Cupid Doesn't Give A Fig for Election

The poet has said that in the spring the young man's fancy lightly turns to thoughts of love, etc. The poet probably meant that in the spring the young man becomes intoxicated with the balminess in the air. Whatever he meant, we do know that in the spring is not the only time that Cupid shoots his love-laden arrows. Now indeed, chile! Cupid aint particular about time and tide and place. (Of course you'll make allowance for our Dixie dialect.) Take the wedding up in Justice H. J. Brown's court yesterday, for instance. What did Cupid care about election?

And so it was that election or no election, J. C. Randolph and Miss Viola Clouse, who live in the country near Ada, came to town yesterday and promised that "until death do we part," etc.

Several of the courthouse cronies were seated in the judge's office bemoaning the fate of the democratic rooster, who was left with hardly a single feather to crow about after the election Tuesday. In walked Randolph and the blushing maiden.

"We want to get married," he said, bashfully standing on one foot then on the other, and fumbling with his hat.

The judge forgot all about the election and became very officious. "Do you?" he asked.

"What a foolish question!"

"We do!"

And so, congratulations are in order.

## JAPAN OBJECTS TO STATE PLAN

Says That California Law Violates Their Treaty Rights.

By the Associated Press

TOKIO, Nov. 5.—When confirmation has been received that the people of California has voted in favor of the proposed land law in that state Japan will lodge a protest in Washington, pointing out that the measure conflicts with Japanese treaty rights, according to the Yozui Cho-Ho, an independent organ, which quotes a foreign office official to this effect.

Formal negotiations the newspaper scaws, will follow an agreement made permanently removing the cause of the trouble.

### Echols Leads Hughes.

By the Associated Press

OKLAHOMA CITY, Nov. 5.—A tabulation of incomplete and unofficial returns from 43 counties of the 77 in the state at 11 o'clock give for corporation commissioner, R. E. Echols, democrat, 118,518; Hughes, republican, 113,188, or a majority of 5,331 for Echols.

## FIREMAN KILLED ON FIRST TRIP

By the Associated Press

HELENA, Ark., Nov. 5.—M. James of McGhee, Ark., making his first run as fireman on the Missouri Pacific train No. 893, was drowned late yesterday afternoon, when he was caught beneath an overturned tender. When the engine left the track James jumped, falling into a ditch beside the track. The tender fell across the ditch and he was drowned by water rushing from the tank.

## Harris and Herrick Running Strong In Old Pontotoc

An election joke that is among the most unique in all the state is found in the official returns of Pontotoc county. By some unaccountable mistake some state ballots intended for the Eighth congressional district reached a remote precinct in this county and were voted without protest. As a result of this mistake the official returns show that in that precinct Zack Harris received twenty-five votes, while Manuel Herrick, the brilliant republican leader from Perry, received eleven.

So They Say.  
"There's the devil to pay."  
"And he's a good collector."

## HARRELD LEAD IS MORE THAN 25,000 OVER SCOTT FERRIS

Echols Wins Over Hughes  
For Corporation Commissioner.

By the Associated Press

OKLAHOMA CITY, Nov. 5.—Breaking away from what appeared a close defeat on returns late last night, R. E. Echols, of Elk City, democrat candidate for corporation commissioner, on a compilation at 1 o'clock today, had taken a lead of 6,294 over the republican opponent, R. E. Hughes of Oklahoma City. On unofficial and incomplete returns tabulated at that hour, Echols had a vote of 120,366 and Hughes 114,117, from 44 counties out of 77 in the state.

With only 165 precincts in the state missing, President-elect Harding has carried the state by more than 20,000 and J. W. Harrel, republican candidate for the United States senate, has been elected over his democratic opponent by more than 25,000.

For president, 2522 out of 2685 precincts give: Harding 227,889, Cox 207,615.

For United States senator, 2512 precincts out of 2685 give Harrel 255,585, Ferris 209,678.

The returns are complete but unofficial from approximately 70 of the 77 counties in the state.

Returns affecting the candidates of the state legislature were coming in slower than for any other contest. Reports on those races, which were meager early today, had not been clear to any extent at noon, although it still appeared certain that the house of representatives would have a substantial republican majority.

No definite information has been available on the judicial races affecting candidates for the supreme court and criminal court of appeals. Candidates themselves were unable to get definite figures from county election officials in response to repeated inquiries.

Reports from 55 counties out of 77 left the state referendum question still in doubt.

## COUNTY TO HAVE SEVERAL NEW BRIDGES SOON

County Engineer W. E. Moore announces that the county commissioners of Pontotoc and Seminole counties will meet with officials of the state highway department at Oklahoma City in the near future and devise ways and means for repairing the low water bridge over the South Canadian river near Byng. This bridge was damaged considerably during the recent high water. Mr. Moore also gives the following information with reference to road building activities in Pontotoc county.

Two concrete culverts are being built on the first mile of road west of Fitzhugh, on the Roff road.

The Boardman company of Oklahoma City are completing a 70-foot steel bridge on concrete abutments over Big Sandy, one mile west of Ada on the Center road.

The Coleman company has just started work on a 30-foot concrete girder bridge one half mile north of Stonewall on the Ada-Stonewall road.

A 40-foot concrete girder bridge has just been completed a mile and a quarter east of the Pecan Grove school on the Ada-Ahlosso road.

A 25-foot concrete girder bridge has just been completed on the Byrds Mill road, about eight miles southeast of Ada.

Two new concrete bridges are to be put in on the Ada-Allen road, and a 30-foot concrete bridge will replace the wooden structure over Boggy on the Ada-Byrds Mill road two miles south of Ada.

## Gasoline Seized In Liquor Raid By Local Officers

One gallon of corn juice, one quart of gasoline, and one live prisoner were netted in a booze raid undertaken in Ada last night by Deputy Sheriff Whitson and Special Enforcement Officer Stewart. The haul was made at the home of Frank Ables, who was taken into custody on a charge of unlawful possession. The raiding party thought they had captured an extra quart of good corn whiskey, but on reaching the courthouse found that one of the prize packages was a quart of gasoline.

# ANCIENT FOSSILS OF APE-MAN TO BE HUNTED

Expedition To Be Sent To  
China To Study Savage  
Tribes.

NEW YORK.—The expedition sponsored by the American Museum of natural history which will set forth for China next February will search not only for fossils of the ape-man, regarded by biologists as the "missing link" in the chain of evolution, but will study the aboriginal tribes now said to be fast disappearing in China.

"We know as little about some of the living natives as about the fossil history of the country," says Roy Chapman Andrews who will lead the expedition. "Long before the Chinese arrived, China was inhabited by aboriginal tribes, which were pushed south and west just as the Indians were driven westward by white men who advanced across the American continent."

Remnants of nearly thirty of these tribes, such as the Lolos, Mosos, Lisos and others, are rapidly disappearing, and the expedition expects to study them before they become extinct.

Describing these aborigines with whom he has hunted, Mr. Andrews said they are totally unlike Chinese, having tall and slender bodies, long faces, prominent noses and other characteristics of Caucasian blood.

Mr. Andrews says that scientific men are now agreed in the belief that the oldest prehistoric remains of man, and of many beasts, lie somewhere within the great central Asiatic Plateau, where few white men have even penetrated.

One of the reasons why little is known of China's fossils and those of interior Asia is that material of this sort is carefully concealed by the Chinese, who term the relics "dragon's bones," and use them for medical purposes, said Mr. Andrews.

One result expected is the education of Americans in a knowledge of the immense continent across the Pacific. Whether success of failure meets the attempt to find the "missing link," hundreds of thousands of specimens of Asiatic animals and plant life are to be collected and brought to America.

## TO TRY SEVEN AT MUSKOGEE FOR MURDER

All records of recent years in district court of Muskogee in the number of murder cases tried in one term of the court will be broken by the term starting November 8, and running through the first week of December.

Seven murder cases will be tried during that time as well as a large number of grand larceny, rape and highway robbery cases, making a grand total of 68 cases.

Work of preparing the docket was nearly completed late this afternoon with the county attorney trying to eliminate cases that have been disposed of but which are still on the books for some reason or other.

### Hear Suit Second Time.

Though it is not a criminal case, the \$150,000 Eastman Richards-James Claxton alienation case in which Claxton is being heard for the second time in his charge that Richards alienated his wife's affections while he was in the army, will start the term.

Of the murder cases, the greatest Robert W. Blakely, Blushy mountain farmer who is charged with

shooting and killing his own step-daughter, Effie May Allford, two months ago. He is also charged with an assault on her, which is said to have caused the murder following her complaint to the county attorney.

## DAILY AND WEEKLY NEWS ANNOUNCES BIG CHRISTMAS PRIZE DISTRIBUTION

Circulation Building Campaign Open To All—  
Will Be Biggest Event In History of Pontotoc County—Costs Nothing To Try.

### Essex Touring Car Is Grand Prize

Essex Touring Car, Valued at \$1785.00 to be Given  
Away. Every Active Contestant Assured of  
an Award or Cash Commission.

The News Publications,  
Pontotoc county, of which Ada  
is the county seat, is given up to  
be one of the richest and most  
versatile farming and stock growing  
sections in the whole state of Ok-  
lahoma.

Coupled with this is oil and  
natural gas, industries with large  
payrolls and practically every other  
resource and enterprise to be ex-  
pected in a wealthy and rapidly  
growing city and county.

In such locality it is quite nat-  
ural that the people demand a wide-  
awake, progressive and up-to-the-  
minute daily and weekly newspaper  
—the daily for the city dweller and  
the weekly for the people living in  
the rural districts.

The management of the Ada Even-  
ing and Weekly News has, since  
assuming ownership and manage-  
ment of the institution a little over  
a year and a half ago, striven to  
supply this demand and give the  
people the very best daily and week-  
ly newspaper that the traffic would  
bear, putting back into the business  
in the form of equipment and ex-  
perienced labor every cent of profit  
that accrued.

Yet we are not satisfied. It is  
our aim and ambition to make the  
daily a still better paper, and at  
least double its circulation in the  
city. It is also a dream of the  
management to make the weekly  
a big sixteen-page farm and home  
paper—one that will obviate the  
necessity of the rural dweller in  
Pontotoc county taking any other  
paper. He can even discard his long  
range farm papers, for that is what  
one section of the big Weekly News  
will be from this date henceforth—  
a real farm and ranch paper.

Our dream for both papers is soon  
to be realized as the reader will  
ascertain on reading fully and care-  
fully the contents of this page.  
Here are our plans. May we have  
your co-operation?

#### We Want 5,000 Subscribers by Christmas.

With this end in view we have  
planned, and today announce, the  
most liberal prize offering ever  
made in this section of the state—  
a campaign in which a brand new  
Essex Touring Car, valued at \$1785  
list will be given away.

#### OUR SLOGAN—"EVERYONE WINS"

One of the features of this big  
prize distribution is the fact that  
there will be no losers in this  
race, as a cash commission of twenty  
per cent (\$1 out of every \$5

collected) will be paid all active  
non-prize winners, which, in itself,  
is an excellent business proposition.  
This is not a "something for  
nothing scheme," in fact it is no  
scheme at all. Neither is it a chari-  
table undertaking on the part of  
the News. It is a business proposi-  
tion, pure and simple. Its object is  
to advertise jointly these newspapers  
and the splendid qualities of the  
Essex Touring Car; to secure new  
and renewal subscriptions to the  
Evening and Weekly News, and last,  
but not least, to win for these pub-  
lications a welcome in every home  
in Pontotoc county and surrounding  
territory.

#### Want 5,000 New Subscribers.

Will it pay? This is a question  
that will naturally occur to all who  
read this announcement. Yes, it  
will pay. Not in dollars and cents,  
perhaps, for the expense of the un-  
dertaking is very heavy, but there  
are other dividends that newspapers  
earn other than that expressed in  
terms of money.

During this campaign thousands  
of new subscribers will be added  
to our list, which will mean an im-  
mediate enhancement to the poten-  
cy of these publications as adver-  
tising mediums; a large number of  
Pontotoc county's best hustlers will  
be happier and richer in pocket-  
book as a result thereof, and there  
will be a great amount of satisfac-  
tion in all that, besides the general  
good engendered and prestige gained  
for the Evening and Weekly News  
will be almost inestimable.

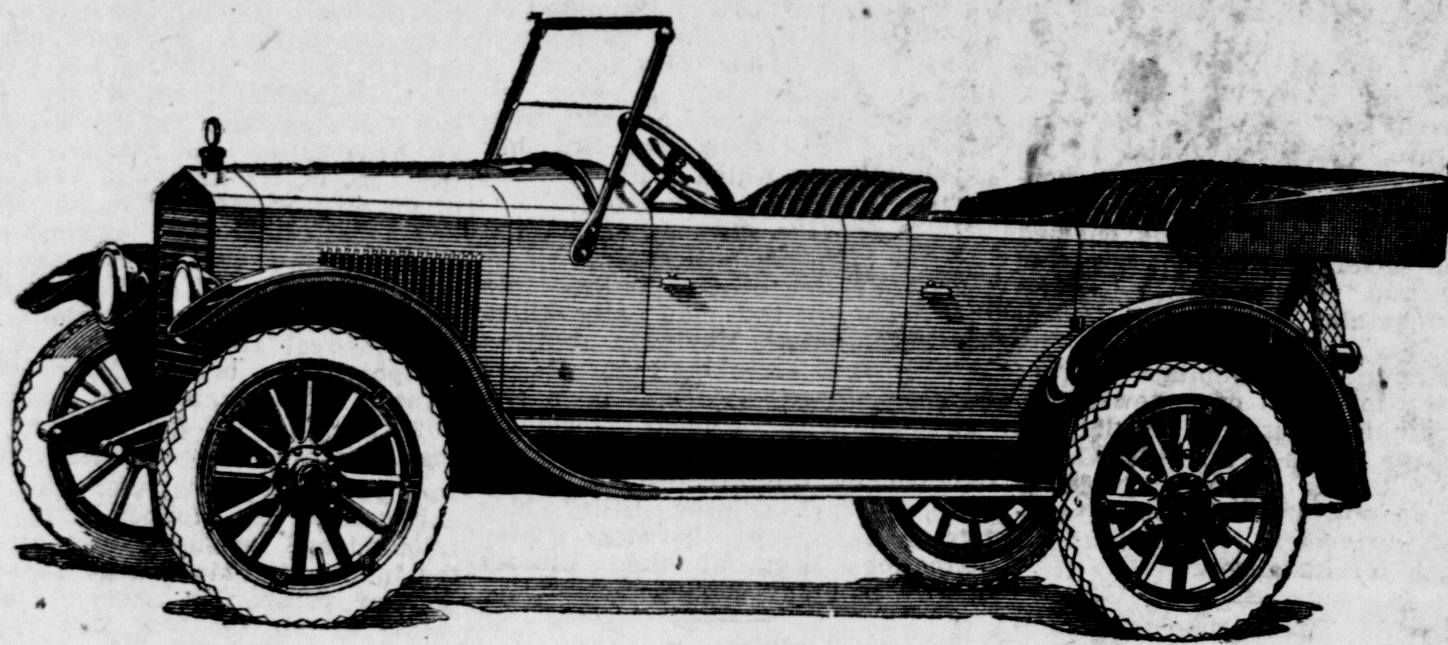

#### Short and Snappy Affair.

The campaign will not be a long,  
drawn-out affair, extending over a  
period of several months, but is of  
seven and a half short weeks' du-  
ration. Think of being able to 'se-  
cure in seven weeks time prizes that  
would ordinarily require months,  
even years, of saving and self-denial  
to acquire, yet that is exactly what  
the News publications is offering  
you here (or a few weeks of your  
spare time and interest in helping  
us to extend our subscription list.

#### Information and Assistance

In order to give everyone who  
enters this contest the greatest pos-  
sible assistance, the publisher has  
secured the services of Mr. and Mrs.  
W. J. Kirkpatrick and Mrs. Irene  
Johnson, who are thoroughly ex-  
perienced in this line of work, and  
who will give their entire time and  
attention to those who desire to  
participate.

Come in and see them person-  
ally, and secure first-hand information  
as to how to go about winning one  
of the valuable prizes offered. Or,  
if you can't call, clip the nomination  
coupon appearing at the bottom of  
this page and mail it in to the  
"campaign department of the Daily  
and Weekly News, Ada, Oklahoma."

### Grand Capital Prize

#### TO THE PUBLIC:

The Essex is too well known in Pontotoc county to call for lengthy descrip-  
tion. Many satisfied owners in this locality attest to its worth. Remember this—  
you can get out of a motor car only the serviceability the manufacturer builds into  
it. On this basis the Essex assures you day-in-and-day-out service.

Call at the salesroom and have Mr. Ford show you the latest model and explain  
Essex superiority.

## NOMINATIONS ARE NOW OPEN EARLY START MEANS MUCH

Send In Your Name Or the Name of a Friend  
On the Nomination Blank Below—Be a  
Prize Winner Christmas Eve.

### Every Active Contestant Will Win

No Matter Whether You Live In the City or Country,  
your Chances Are Equal—Territory is Divided  
Into Two Districts.

The Ada Daily and Weekly News' \$3,000 Christmas Prize Contest opens officially Saturday, November 6. It will close Thursday, December 23—just a few days before Christmas—at 8 p. m. Nominations will be received during the coming week and thereafter, and receipt books together with full particulars regarding the campaign, will be mailed or delivered to every one interested. Nominations are wanted from every part of Pontotoc county and territory contingent thereto. Send in your list of nominations. \$25.00 in gold to the first person who nominates the winner. Send us the name of the person whom you think could win.

There are seven big prizes offered besides a 20 per cent cash commission to all active non-prize winners. No one will go unrewarded.

Absolute fairness is assured to all who engage in this contest. No favoritism will be shown anyone. What the News publications want is paid in advance, bona-fide subscribers and the best way these can be secured is by personal solicitation, writing letters, and by the assistance of friends and neighbors. This is not a something for nothing plan—it is a straight forward business proposition and there is no reason why any reputable person should not enter his or her name NOW.

#### Early Start Means Much.

This campaign is to be of very short duration. It will extend over a period of but six weeks. The candidates who see the opportunity here presented and throw their hats into the ring right at the beginning will have a big advantage over those who hesitate and hold aloof. There is everything to gain and nothing to lose in this race. Do the first thing first. Write down your name and address on the nomination blank below and mail it at once; or better still, if you can, come to the office of the Ada News and get detailed information at first hand.

Once you have entered the race, do not drop out. You can win. Some one is going to ride in his or her own Essex on Christmas. Why not you?

#### Everyone Wins.

The Evening and Weekly News do not ask residents of Pontotoc county to canvass for subscriptions and then take chances on getting a reward for their efforts. The News agrees to pay all candidates who participate in this big Christmas Prize Distribution a cash commission of 20 per cent (\$1 out of every \$5 collected) for all subscription money turned in, provided they turn in one or more subscriptions each week after they start to work, and in the event such candidates do not win one of the eight prizes offered. Candidates who enter this campaign are not flinching with a game of chance, for all active participants will be fittingly rewarded.

#### Time to Act Now!

Don't be a "sit-on-the-fence." Be a "doer." The best way to test your initiative is to sign and send in the nomination blank appearing below AT ONCE. This starts you. The rest will be easy. You will not find vote getting at all hard or tiresome. In fact, it will afford a great deal of pleasure and should prove exceedingly profitable. Show your ambition. ACT NOW!

#### Receipt Books Ready

The Daily and Weekly News has printed a large number of receipt books for the use of candidates and their friends in taking subscriptions. These receipt books will be mailed out as fast as nominations are received and will be delivered to those who call for them.

The Sixth Prize Will Be

## THE PATHS OF GLORY

Something more than twenty years ago James G. Gary of Maryland was one of the prominent men of the country. He was at that time postmaster general in McKinley's cabinet and enjoyed the distinction that comes from high official position. Almost daily his name was read in the public press and the people of the country were familiar with the name of Gary.

But yesterday we found his name once more in print. In the sixth column of the last page of a large daily we found this modest statement:

BALTIMORE, Oct. 31.—James H. Gary, postmaster general in McKinley's cabinet, died today.

That was all.

That is all that is left of the former fame of Mr. Gary. Out of the public view, he was soon out of the public mind. The years rubbed out the record he had made in the story of his times and his familiar name was forgotten by a world of busy men. Two lines on the last page was all the space a busy world could give to the story of his passing.

Some day in the undiscovered future we may find the names of Penrose and Thomas R. Marshall and Burleson hidden away in six point at the bottom of an unattractive page. The paths of glory lead through many shadows and the mournful ejaculation of Jefferson is sadly true: "How soon forgotten when we are gone."

What with our popular primaries and our run-off primaries is it not remarkable that the American people never nominate anyone but crooks for office?

We are thankful that it is no worse than it is. Still we would be a blamed sight more thankful if it were not as bad as it is.

Alf Taylor was elected governor of Tennessee Tuesday just thirty four years after he was defeated for that office by his brother Bob.

The American people never saw another such campaign as this one and most Americans hope they never will see another one like it.

When the public begins to refuse to eat up the campaign lies dished out to them the politicians will get a new menu card.

The less the average American knows about political issues the more seriously he takes his politics.

Now that the campaign is ended let's have an end to apologizing for winning the war.

Do your Christmas shopping early and get ready for the great presidential battle of 1924.

No doubt the kaiser is thankful that he never had to run for office in the United States.

## WHAT OTHERS SAY

Shawnee News: Some pert paragrapher has remarked that blind men are out of luck these days. Now what could anyone mean by such a crack.

Tulsa Tribune: The New York state rent law, passed by the legislature, has been found to be unconstitutional by the U. S. supreme court. Which leads one to wonder why so many laws enacted for the benefit of the masses—the middle and poorer classes—always have something wrong with them.

McAlester News Capital: Just to show the influence of a newspaper. Right around here, in Oklahoma where the News-Capital circulates, the result was exceedingly close and just look what happened outside of our sphere. New York and Michigan for instance.

Muskogee Times-Democrat: Convention of Germans applauded the suggestion that the monarchy be re-established. You can get a crowd to applaud most anything.

Muskogee Times-Democrat: A Japanese with a wife and nine children has entered Cornell as a freshman. He has had his hazing.

Ardmore: The young lady across the way says that she knew something terrible would happen to the Democrat party when the election judge made her tell her age, just as though it was any of his boom-boozled, political inquisitive business.

## GO TO THEATRE

### At the New Liberty

Belief that the war is again in full blast was broadly intimated in the Kentucky mountains when Mary Pickford as Maris Hawn sent a fusillade of shots at a tree in "Heart O' the Hills," adapted from the story by John Fox Jr., her latest picture which will be seen at the Liberty theater today.

It is for the purpose of perfecting her aim that will enable her to send four out of five bullets into the heart of the man who killed her father that Mavis is applying herself and forsaking the art of books.

Replete with comedy incidents and rare pathos most capably handled by the greatest of screen stars, "Heart O' the Hills" bids fair to be one of the most popular attractions seen at the Liberty theater in many days.

### At the American.

With his picturization of Augustus Thomas' drama, "Rio Grande," Edwin Carewe falls in line with the best producer-directors of the screen. "Rio Grande" is on view today at the American Theater and so fascinating and gripping is its story that the seven reels unfold with no knowledge of the passing of time.

Rosemary Theby is to be complimented for handling with charm and delicacy a role that might easily have been overdone. She is Maria Inez Lopez, born of an American mother and a Mexican father, but raised on the southern side of the Rio Grande by her father, who taught her to hate the Americans. This she finds an easy thing to do until Danny O'Neil enters her life. Danny audaciously played by Allan Sears, is six feet three of masculine masterfulness. More than that—he's part Irish and hasn't forgotten it, and he's a member of the famous Texas Rangers. He wins so much of the Senorita's admiration when he captures her, then sets her free to prove the Americans want to be friends with the Mexicans, that she gives him a kiss and invites him to come to her dance and claim another.

We hate to think of the corking entertainment we would have missed if Danny hadn't braved all the dangers and gone after that kiss. It

was responsible for a great deal of excitement, but the details we refuse to divulge here. The best place to find out is at the American Theater, and we'd advise you to satisfy your curiosity early.

### "Rube" Hooper Coming.

Manager Foster MacSwain of the MacSwain theater announces that Rube Hooper the boy with the famous quartet will be at his theater with Seeman's 1920 Revue commencing Monday November 8, at an aggregation said to be one of the best of its kind and consisting of an all-star cast. As to Mr. Hooper's qualities as a "simon pure" comedian we well know, and can say that lovers of good clean comedy and real quartet singing will have a real treat in store in Mr. Hooper alone, besides Mr. Seeman, informs the management that his 1920 Revue is by far the very best that has ever toured this territory for popular prices and the cast surrounding Mr. Hooper is the most talented and expensive ever attempted in one organization to show for popular prices. Mr. Hooper's quartet is by far the best that he has ever had and the repertoire of good songs sang is unlimited. During the engagement of the 1920 Revue Hooper will be seen in his own show called "Oh You Wildcat" written by him in France and there presented for the 81st Division, which was the hit of the many shows for the A. E. F. Many special songs and scenery in keeping with the French atmosphere is used. Don't miss it.

Ireland ceased to be a great manufacturing country in the sixteenth century.

Dear Sir:

Having found Rub-a-Cold so effective I take pleasure in writing an unsolicited testimonial in its favor.

Last winter my little boy was threatened with the flu several times but always applied Rub-a-Cold as soon as he showed symptoms.

My sister came to visit us bringing her 3 year old son who had a bad case of croup. I used Rub-a-Cold and he got instant relief and was soon asleep. We are never without it in the house.

ST. LOUIS, Mo., Nov. 3.—Champ Clark of Bowling Green, Mo., veteran of the house of representatives, to which he has been elected more times than the average voter can remember, tonight surrendered his post of honor to T. W. Huckreid, of Warrenton, Mo., young republican candidate in yesterday's election for representative in congress from the ninth Missouri district.

Facing a handicap of 5,000 votes with five-sixths of the precincts in his district—including the democratic strongholds—the former democratic leader sent a telegram to Huckreid congratulating the republican on his victory.

Washington, Oct. 29, 1920. Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The First National Bank of Ada" in the city of Ada in the county of Pontotoc and state of Oklahoma, has complied with all the provisions of the Act of Congress to enable National Banking Associations "to extend their corporate existence, and for other purposes," approved July 12, 1882;

Now, therefore, I, Thomas P. Kane, acting comptroller of the currency, do hereby certify that "The First National Bank of Ada" in the city of Ada, in the county of Pontotoc and state of Oklahoma, is authorized to have succession for the period specified in its amended articles of association; namely, until close of business on October 29, 1940.

In testimony whereof witness my hand and seal of office this twenty-ninth day of October, 1920.

**ALF TAYLOR IS  
LIKELY WINNER  
FOR GOVERNOR**

MEMPHIS, Tenn., Nov. 3.—On the face of incomplete returns from 90 of 95 counties in Tennessee, Alf Taylor, republican candidate for governor, is leading Governor A. H. Roberts, his democratic opponent in the race for governor, by over 13,000 votes. A number of the counties not heard from are in east Tennessee and normally republican. These are expected to increase Taylor's lead. The returns, compiled by the Commercial-Appeal, give Taylor 123,429 and Roberts 110,241. The presidential race is still very close, with democratic leaders claiming that Cox has carried the state by from 3,000 to 5,000 and the republicans by the same number. Figures tabulated up to 9 o'clock

tonight from scattering returns from almost ninety counties give Cox 125,894, Harding 118,276. East Tennessee counties are also the principal ones missing from this tabulation.

# The Ada Daily and Weekly News CHRISTMAS SALES

Campaign  
OPENS SATURDAY  
NOVEMBER 6TH

**\$3,000.<sup>00</sup> In Cash Prizes**

Any man or woman, young or old, in this vicinity, is eligible as a member of the "Salesmanship Club." All you have to do to become a member is to clip the Entry Blank appearing on this page, fill out and either send or bring it to the "Salesmanship Club" manager at The Ada Daily and Weekly News office at Ada, Okla. It costs you nothing to enter, and all it takes to win one of the biggest awards is a well directed energy. This is not a popularity voting contest. It is a pure test of salesmanship ability. The best salespeople will be

**Everyone Will Be Paid For His or Her Time—Now**

### Here's the Plan in Brief

The object of this salesmanship club campaign is two-fold; primarily, to increase the ever growing subscription list of The Ada Daily and Weekly News; to collect in advance subscription payments from present or old subscribers and at the same time to afford our friends and readers an unparalleled opportunity to profit, and in a big way, through their spare time during the next few weeks. So, it is a plan that works both ways and to the ultimate good of all concerned.

The plan adopted for the awarding of these prizes is the fairest and most impartial conceivable. There will be no "double credits" or "triple credit offers" made during the competition. Neither will there be any long term subscriptions accepted. The plan of the campaign is straightforward and simple, and is fully outlined in this announcement.

### How to Enter—What to Do

1—SEND IN THE ENTRY BLANK—It counts for 5,000 credits. 2—CLIP THE 50 CREDIT COUPON—Collect all these you can and get your friends to save them for you. Each coupon counts for 50 credits. 3—USE THE RECEIPT BOOK—As soon as we receive your entry we will send you a receipt book so that you may take subscriptions for credits according to schedule below. 4—CLIP "FIRST SUBSCRIPTION COUPON"—This coupon accompanied with any subscription payment for one year or more to THE ADA DAILY and WEEKLY NEWS counts for 10,000 EXTRA credits in addition to the usual number. You do not have to be a subscriber to THE ADA DAILY and WEEKLY NEWS to compete. 5—SEE YOUR FRIENDS and get your acquaintances to subscribe. Also organize them so they will assist you to get subscriptions from their friends. 6—USE THE TELEPHONE—Call up everyone you know. Tell them you are in the campaign and ask for their support. 7—ONCE IN, STAY IN—Don't get discouraged or let anyone try to discourage you. Someone will win the big car. Why not you? 8—GET COMPLETE information. Call, write or phone the campaign manager at THE ADA DAILY and WEEKLY NEWS office, Ada, Oklahoma.

### Here's How to Succeed

It takes credits to win and credits are secured as follows: First, by clipping the coupons appearing in each issue of THE ADA DAILY and WEEKLY NEWS. Begin gathering now, while they are worth 50 credits each. After next week these credits will be reduced to 20 credits; the following week only 10 credits, and after that they will be discontinued entirely. The only restriction placed on voting these coupons is that they must be deposited at the campaign department on or before the expiration of the date appearing thereon. Get all you can, and get your friends to save them for you too—they are FREE.

Another and faster way to get credits is by securing new and renewal subscriptions to THE ADA DAILY and WEEKLY NEWS. For each subscription turned in a certain number of credits is issued, the number varying according to the amount collected and during which "period" same is received at the campaign department. So you see the more credits you get better your chances are to capture the grand capital prize.

### The Schedule of Credits and Subscription Rates—Ada Daily and Weekly News

#### FIRST PERIOD

Embracing the first four and a half weeks (terminating December 6th) the following credits will be issued on subscriptions:

| WEEKLY |                | DAILY |                |
|--------|----------------|-------|----------------|
| 1 yr.  | \$2.00—750     | 6 mo. | \$3.00—800     |
| 2 yr.  | \$4.00—5,000   | 1 yr. | \$5.00—1,500   |
| 3 yr.  | \$6.00—7,000   | 2 yr. | \$10.00—3,000  |
| 4 yr.  | \$8.00—10,000  | 3 yr. | \$15.00—12,500 |
| 5 yr.  | \$10.00—15,000 | 5 yr. | \$25.00—25,000 |

#### SECOND PERIOD

Embracing the fifth and sixth weeks (terminating December 20th) the following number of credits will be issued on subscription:

| WEEKLY |                | DAILY |                |
|--------|----------------|-------|----------------|
| 1 yr.  | \$2.00—600     | 6 mo. | \$3.00—300     |
| 2 yr.  | \$4.00—4,500   | 1 yr. | \$5.00—800     |
| 3 yr.  | \$6.00—5,500   | 2 yr. | \$10.00—6,000  |
| 4 yr.  | \$8.00—8,000   | 3 yr. | \$15.00—10,000 |
| 5 yr.  | \$10.00—12,500 | 5 yr. | \$25.00—20,000 |

#### THIRD PERIOD

Embracing the last days of the campaign (terminating December 23rd) the following credits will be issued on subscriptions:

| WEEKLY |                | DAILY |                |
|--------|----------------|-------|----------------|
| 1 yr.  | \$2.00—400     | 6 mo. | \$3.00—200     |
| 2 yr.  | \$4.00—2,500   | 1 yr. | \$5.00—600     |
| 3 yr.  | \$6.00—5,000   | 2 yr. | \$10.00—4,000  |
| 4 yr.  | \$8.00—7,500   | 3 yr. | \$15.00—7,500  |
| 5 yr.  | \$10.00—10,000 | 5 yr. | \$25.00—15,000 |

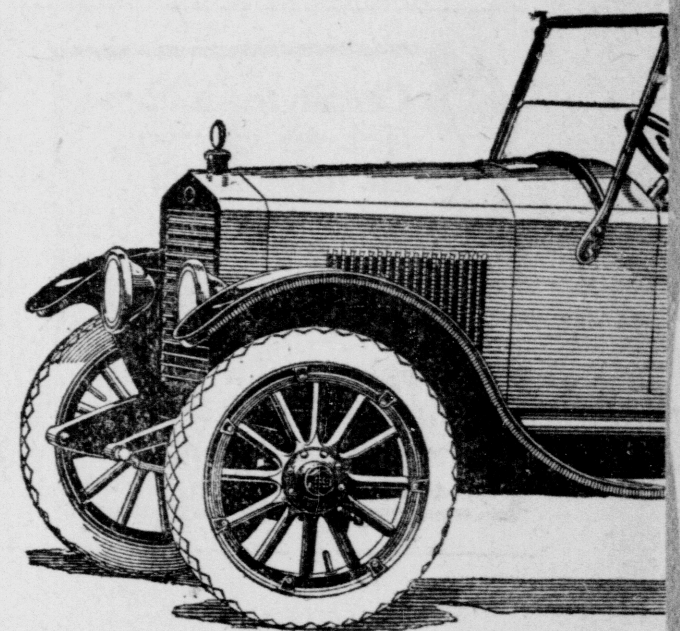

The above schedule of credits, which is on a declining scale basis, positively will not be changed during the competition. However, 10,000 extra credits will be given for the FIRST subscription only, turned in for any one club member whether for six months or five years; also a special ballot, good for 50,000 credits, will be issued on every "club" of \$20 turned in. This arrangement will be in effect throughout the entire campaign and is to be considered a part of the regular schedule. There will be no extra credits offered, extra prizes given away or other inducements whatever inaugurated during the campaign. Remember this and lay your plans accordingly. No subscriptions will be accepted for less than six months nor more than five years in advance, from any one candidate

**No Losers**

The Ada Daily and Weekly News does not ask club members to canvass for subscriptions and then take the chance of getting a reward for their efforts. The Daily and Weekly News agrees to pay all club members who participate in this campaign a cash commission of 20 per cent (\$1 out of every \$5 collected) for all subscription money turned in, provided they turn in one or more subscriptions each week after they start to work, and in the event such club members do not win one of the seven prizes. Club members who enter this campaign are not flitting with a game of chance, for all active participants will be fittingly rewarded.

### RULES AND REGULATIONS

- 1.—Any reputable man, woman or child residing in Ada, Pontotoc County, or surrounding territory within a radius of one hundred miles, is eligible to become a member of the Salesmanship Club campaign and compete for a prize. THE ADA DAILY and WEEKLY NEWS reserves the right to reject any entries.
- 2.—The winners of the prizes will be decided by their credits, said credits being represented by ballots issued on subscriptions, and by coupons clipped from THE ADA DAILY and WEEKLY NEWS.
- 3.—Club members are not confined to their particular town or community in which to secure credits and subscriptions, but may take orders anywhere in this section, or for that matter anywhere in the state or in the U. S.
- 4.—Cash must accompany all orders where credits are desired. There will be no exceptions to this rule. Club members will be allowed to collect renewals as well as entirely new subscriptions and credits will be issued on each alike.
- 5.—Credits are free. Ask for them when paying your subscription. Otherwise you waive the privilege. Credits will not be issued on receipts covering payments made prior to the beginning of the campaign.
- 6.—Credits cannot be purchased. Every cent accepted through the campaign department must represent a subscription. No subscription will be accepted for less than one year for the Weekly and six months for the Daily, nor for more than five years in advance from any one member for either paper.
- 7.—Credits are not transferable. Club members cannot withdraw in favor of another club member. Should a club member withdraw from the race, his or her credits will be cancelled. Neither will it be permissible for a club member to give, or transfer, subscriptions to another club member. Credits on such transferred subscriptions will be subject to disqualification at discretion of campaign manager.
- 8.—Any collusion on the part of club members to the detriment of other club members or THE ADA DAILY and WEEKLY NEWS will not be tolerated. Any club member or club members entering into or taking part in such a combination will forfeit all right to a prize or commission.
- 9.—All ballots issued for subscriptions may be held in reserve, or voted at the discretion of the candidate or subscriber, up to and including the last day of the campaign; except that at the discretion of the club manager no club member may poll more credits in any one twenty-four hours than 20,000 credits above the leader in the previous published standing.
- 10.—In the event of a tie for any one of the prizes, a prize identical in value will be awarded each tying club member.
- 11.—Every club member in this campaign is an authorized agent of THE ADA DAILY and WEEKLY NEWS and as such may collect arrears and advance subscription payments from present subscribers as well as for new subscribers.
- 12.—It is distinctly understood and agreed that club members will be responsible for all money collected, and that they will remit amounts in full each day to the campaign department of THE ADA DAILY and WEEKLY NEWS, Ada, Oklahoma.
- 13.—There will be several big prizes awarded besides the 20 per cent cash commission to ACTIVE non-prize winners, but it is to be distinctly understood that in any event any club member becomes INACTIVE, failing to make a cash report each week, he or she will be disqualified and thereby forfeit all rights to a prize or commission.
- 14.—THE ADA DAILY and WEEKLY NEWS reserves the right to alter the rules and schedules of this campaign during the competition, if necessary to do so for the protection of both candidates and this newspaper.
- 15.—THE ADA DAILY and WEEKLY NEWS guarantees the fair and impartial treatment to all club members but should any question arise the decision of the newspaper management shall be considered absolute and final.
- 16.—In becoming a member or participating in this campaign, club members agree to abide by the above conditions.

### Advisory Board

It is the sincere aim of this newspaper to conduct this campaign, from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants and absolute honesty in all dealings guaranteed. However not all wisdom lies within one man or institution, and for that reason an advisory board has been decided upon, whose function shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count the credits the last night of the campaign. The personnel of this board is as follows:

M. R. Chilcutt, Banker  
"Bill" Coffman, Hardware.

Wayne Wadlington, County Attorney.  
Orel Busby, County Judge.

Ben Scheinberg, Merchant.  
Dr. A. Linscheid, President Normal.

M. O. Mathews, Cement Company.

A number of our leases and sets of store fixtures have already been sold and deals are pending for others. Merchants wishing to enter business in Oklahoma would do well to immediately get in touch with our home office at Muskogee.

### A COLOSSAL SUCCESS

In the first 30 days of this great retiring-from-business sale we turned hundreds of thousands of dollars worth of fine merchandise into cash, but there are still other hundreds of thousands of dollars worth that must be sold in this grand three weeks wind-up sale. Prices have been unmercifully slashed again and we are determined to see a lot of empty shelves and bare counters in all our 20 buildings by Monday night, Nov. 29.

### WARNING

This is not a sale of only a few leaders or a small discount on various lines but a genuine closing-out sale where the price on every single item in the store from a paper of pins to a suit of clothes is cut to the quick. So don't confuse this sale with ordinary sales where only small discounts are given.

## IN SOCIETY

### The Red Leaves of the Forest.

When the winds blow in October  
Not a single leaf is sober.  
All the little leaves are riotous and gay.

There are shouts of elfin laughter  
At the wind that follows after—  
You may hear them through the  
bright autumnal day,  
For when the tree is shaken  
'Tis the elf men, 'tis the elf men at  
their play,  
The little greenwood elfmen at their  
play.

Oh, the red leaves of the forest,  
drifting down, down, down,  
The red leaves of the forest drifting  
down;  
Oh, the brown leaves and the yellow  
leaves  
Each conceal a pixie fellow,  
And the birch leaves and the oak  
Hide the prankish fairy folk  
As they frolic through the country  
and the town, town, town,  
As they frolic through the country  
and the town.

They run a race together  
Through the blue October weather,  
The gold leaves and the red leaves  
and the brown;  
And the cobweb harps are humming;

"Jack Frost is coming, coming;  
Creep out of sight, small flowers,  
and cuddle down,  
For soon it will be snowing.  
And the bold Northwind a-blowing,  
For the little leaves are coming  
down."—Cecilia Reynolds

# CONGRESS WILL DO VERY LITTLE

## Approaching Session Will Leave Most Work To Next Session.

WASHINGTON, Nov. 5. — The next session of congress, which meets December 6 and which will be the last and third session of the Sixty-sixth congress, will last only until the inauguration of the new president, March 4, next, when the session will expire by limitation of law. Including the Christmas holidays, which nearly always last ten days, the next session will have less than 70 working days. It will readily be seen from this limited time that the December session will not be able to enact much legislation. It will do well to pass the fourteen big annual appropriation bills and adjourn in time for the presidential inauguration.

There is another thing, besides lack of time, which will prevent much, if any, new legislation in the December session. As a new congress and new president will take the helm after March 4 there will be a general desire on the part of all congressmen to defer important legislation until a new president makes his desires known, and until the new members of congress, of which there will be many, can participate in national legislation.

The first session of the Sixty-seventh congress will be a special session called by the new president soon after his inauguration next March. This session will last a long time, and may even run into the regular December session of congress. At this special session all the vast reconstruction problems of the new administration will have to be considered and solved, and it will take months to do that. The last session of congress did not really have time to grapple with reconstruction problems and neither will the December session. Reconstruction will be effected in the special session of the new congress. These problems are as gigantic and important as those which confronted the federal government at the beginning of the world war.

Though the December session will not have time to take up the problems of government, nevertheless there are two matters of legislation besides the appropriation bills, which that session will endeavor to put through. One of them is revision of the tax laws, and some sort of relief from the housing situation, which has grown serious in nearly every urban community in the whole country.

An effort will be made, in December to completely revise the income tax laws, but because of the lack of time in that session it is doubtful if any new tax bill can be enacted into law. Both democratic and republican leaders are very anxious to have the tax laws, particularly the income tax, revised from top to bottom. Needless to say, every citizen concurs in this desire, for the income tax, it cannot be denied, presses heavily on rich and poor alike. In the December session Secretary Houston will ask congress to make the new law simpler than the present cumbersome one.

# "SWAMP CHILL TONIC DOES THE WORK!"

**Arkansas Merchant Highly Praises Famous Old Remedy**

J. W. Mustain, Dealer in General Merchandise, Old Grand Glaize, Ark., sells a lot of Swamp Chill and Fever Tonic. The reason he sells a lot is expressed in a letter he recently wrote us, which says: "Swamp Chill Tonic sure does the work. I certainly want to thank you for your fair dealings."

John C. Rogers, Center, Tex., says: "I have sold your Swamp Chill Tonic for years and it is my favorite tonic. I always recommend it, because of its laxative properties."

Dealer C. E. Miller, Bernice, La., says: "I handle all the standard chill tonics on the market, but sell ten bottles of Swamp Chill Tonic to one of any other kind. After a customer has used it once he or she will use no other kind."

Thousands of other dealers in many different towns and cities strongly recommend Swamp Chill Tonic to their customers as the very best malaria remedy on the market. 60 cents a bottle—get one today.

some statute. One of the most important recommendations of Mr. Houston will be that the commissioner of internal revenue be authorized to make final determinations in any tax assessment. Under the present law a tax case can be opened time and time again until the tax payer never knows when he is through with litigation with the treasury. But a lowering of the whole income tax schedule is what is now desired by congressmen and citizens alike. There are also many imperfections in the present income tax law, as happens usually in all complex and new statutes, and these must be ironed out. In the revision, house and senate leaders are said to plan not only a general reduction in all schedules, but changes so that big incomes will bear a proportionately larger share of the tax. The "little fellow" will not have to pay as much as heretofore. This will indeed be popular legislation with the masses.

The housing situation will also be considered by the December session. The shortage of houses in every section of the land, except in the rural districts, is almost as serious as the tax burden and the high cost of living. This problem confronting congress will have two angles, to bring about construction of more homes and apartment houses, and to prevent the rent hogs from further profiteering on the helpless tenant. The situation may result in commissions in all cities of a certain population. Taxation, too, will be considered as a means of relief for the housing shortage. Federal taxes on newly constructed dwellings and apartments now average about 3 per cent of the total cost. This is always tacked on the tenant. If these taxes were remitted lower rents could certainly be secured. Where rents now are based on 9 per cent interest on the investment, three per cent of it is tax. With this tax removed there should be a one-third reduction in rents by the landlords.

# PLANS COMPLETE FOR GREAT TIME ARMISTICE DAY

The Armistice Day celebration will start in Ada at 9 o'clock Thursday morning, November 11, when ex-service men of Ada and Pontotoc county meet at the Harris hotel in uniform, and march in squad formation down main street to the McSwain theater, led by the High school band playing the "Pass in Review" piece so well known to American soldiers, sailors and marines. All ex-service men are urged to be on hand at that time and join their comrades in this grand march.

At the theater a special program will be given. This program was

prepared at the last national convention of the American Legion, at Cleveland, Ohio, and will be followed at all similar meetings held in the United States Armistice Day. Miss Kellar, music supervisor at the Ada normal will have charge of the special music and of the tableau, and A. L. Fenton, principal of Ada High school, will have charge of the choruses and the community singing. Prominent speakers will be on hand and will help to entertain the audience. This service which will be free to everyone will begin at 10 o'clock and should last till about 11:30.

One of the main features of the day will be the football game. The Okmulgee high school team will play the local high school boys at the Normal gridiron at 3 o'clock. It had been planned that a team composed of members of the Ada Legion post would play the Ada High school team at that time, but several members of the post were needed on the line up, found it practically impossible to get away from their work to practice, and

this idea was abandoned. A portion of the gate receipts from this game will go to the treasury of the Ada Legion post.

The evening will be spent at the Elks club, where members of the Legion and members of the Elks lodge will enjoy a big dance and an entertainment. It will be necessary to produce either an Elks card or a Legion card to enter the club room. For this reason, all ex-service men who desire to attend this meeting, who are not now members should join that organization at once.

A committee has been appointed by the local legion post to take up with the business men of the city the matter of closing all business houses during the afternoon, and no doubt this arrangement will be made.

The usual remedy for a nettle sting is to apply to the affected part a crushed dock leaf, usually to be found in the vicinity of

## Ada Banker Finds Crops Rotting in Fields of West

"Crops throughout the grain belt are going to rot in the fields because of the low market prices," Mr. R. Chilcutt, president of the Merchants and Planters' bank, told a representative of the News yesterday. Mr. Chilcutt has just returned from Clayton, N. M., where he had been called by the serious illness of his brother, A. M. Chilcutt, who suffered an attack of acute indigestion, but who has since recovered.

Mr. Chilcutt had occasion to notice the crops in the fields, and found that conditions in the west are very much the same as here at home.

"It costs more today to harvest and market the crops," he said, "than what the planter is offered. The result is that farmers are letting their products rot in the fields rather than incur a further loss."

Mr. Chilcutt says that the bottom has fallen out of the livestock market also. He believes, however, that the livestock market will adjust itself much sooner than the cotton and grain market.

"The great herds that once roamed over the western ranch lands are no longer to be seen," he said, "but in spite of the fact that the supply is smaller, the prices have dropped below cost of production. I believe that this is due to the fact that ranchers are marketing a poorer quality of beef. Much of the beef sold today is immature, and this

digs into the gross return for the stockman."

Mr. Chilcutt owns a large acreage of farm and ranch lands in this county. His brother in New Mexico is engaged in raising livestock, and owns a large acreage in that state. "I believe that eventually conditions will adjust themselves," Mr. Chilcutt said, referring to the financial outlook. "Prices are governed by supply and demand to a great extent. Farmers will be guided by the lessons learned in making their crops next year, and I believe that conditions will be better."

## The Boys Scouts Hold First Court Of Honor Meet

The court of honor of the Pontotoc county council of boy scouts held their first regular meeting at scout headquarters last night.

The members present were Messrs. R. W. Simpson, L. A. Ellison and Rev. C. V. Dunn. They decided to hold a regular meeting once each month for the scouts, on the last Tuesday of each month. Richard Simpson was awarded his first-class badge, and also a merit badge, for swimming. Drew Page and Russell McAllister were also awarded their merit badges in swimming. Several other scouts are making fast progress and it will not be long until Ada will have many first-class scouts with merit badges.

## Clary Confident of Winning From Northeastern

The football game tomorrow promises to be one of the most interesting ever played on the local gridiron. The Northeastern team is coming with the avowed purpose of taking home the bacon and they are a strong team. Coach Clary has other ideas concerning this, and is confident that with the late workouts and changes which he has made that the visitors will be disappointed when the game is over. He stated today that he had been giving his team some new practice and extra hard workouts and believes that he has lined up a team that will be a stone wall to the visitors. His men are also eager for the game and are going into it with the avowed intention of winning another scalp for their school. The lineup is withheld as yet, because the coach thinks best to not let it out.

This is one of four games to be played in succession on the home grounds and the football fans of Ada will miss a treat if they do not see these games. The school is behind the team in every respect and much enthusiasm was shown in the pep meeting yesterday. In fact, the entire Normal is going to do its very best to make it possible to win this game. The game will be called at 3 o'clock.

# BIG GAS WELL IS BROUGHT IN NEAR FRANCIS

Believe Oil Well Will Be Found at Depth of 1600 Feet.

A giant gasser was brought in yesterday on the Oliver farm near Francis by Ed Gillette, driller for the Kingwood Oil company of Okmulgee. Mr. Gillette, who is financially interested in the company, is a resident of Ada.

The well was brought in at a depth of 1300 feet. It was not possible to determine at once the rate at which the well was flowing, but conservative estimates are that it is more than three million cubic feet.

Mr. Gillette is positive that a pool of oil underlies the lease, and the drill will go deeper in an effort to reach this pool as soon as the gas is placed under control. It is thought that oil will be struck at a depth of 1600 feet. A nearby well has been producing for five years. Though only a pumper, it is thought that the main pool is nearby, and the drillers have been searching for it.

Gas is the forerunner of oil, and this fact encourages the owners of the Oliver well in the belief that they will strike a good producer.

The proven territory in the neighborhood of Ada is becoming wider and wider, and the possibilities are that oil will soon become one of the big items in Pontotoc county's revenues.

## Durant Man Brought Back From Atoka. On Serious Charge

George Newton was brought back from Atoka yesterday by Deputy Sheriff Whitson on a charge of seduction. Newton is said to live near Durant. The complaining witness lives in Pontotoc county. Newton made bond and was released yesterday afternoon.

**Resolution.**  
Whereas, the Rev. S. B. Damron, after nearly ten years of active service, that he may give himself more fully to the ministry, has tendered his resignation and severed his connection with the United Charities of the city of Ada, and  
Whereas, he has been during all these years a most faithful, efficient and unselfish worker among the poor, distressed and needy, and this board desires to express its regret and its appreciation of his long and faithful service,  
Therefore, be it resolved, by the Executive Committee of the United Charities of the city of Ada, that in accepting the resignation of the Rev. S. B. Damron, we do so with regret, and we do hereby express our heartfelt appreciation and the great appreciation of the citizens of this community of his long, untiring, unselfish and efficient work, both for this board and the citizens of this town among its unfortunate people, and in administering to their needs and in disbursing among them the funds contributed for that purpose, and that we realize that his resignation will be a distinct loss to the work he was so long engaged in.

R. W. SIMPSON,  
W. C. DUNCAN.

## State Questions Badly Beaten in Pontotoc County

All state questions were decisively beaten in Pontotoc county in the election of Tuesday. Positive majorities were cast in favor of three of the questions, but the silent vote, which is counted against the propositions, gives an overwhelming majority against all of them.

The following vote was cast on each of the five propositions: State question No. 94: Yes, 2009; No, 2465; State question No. 99: Yes, 2504; No, 1749; State question No. 109: Yes, 2369; No, 1816; State question No. 111: Yes, 1820; No, 2053; State question No. 112, Yes, 1479; No, 2151.

The highest vote in the county was cast in the race for congressman. McKeown and Pringle received 6,748 votes, while the socialist candidate received several dozen scattering votes.

## News Force Is Treated to Ice Cream Feast

"Say, whatcha celebratin'?" "Whose birthday is it?" "What's the big idea?"

Those are but few of the questions asked yesterday when a big freezer of delicious strawberry ice cream, laden with crushed fruit, was served to the entire force at the News office. Some looked upon the cream with suspicion, believing that it was a radical plot to wipe out the whole force at one stroke, but such was not the case.

"It's our treat," Mrs. Noble Reeves, of the Southern Ice and Utilities company, said in sending it to us. And when the bunch had learned all about it, and that it was an honest-to-goodness treat, they needed no urging to go to it, and a howl went up for more.

And the whole gang is thankful. "Some treat!" was the unanimous decision.

## Center Boy Wins Free Trip to Stock Show in Chicago

Standing first in the list of prize winners in live stock judging at the recent state fair in Oklahoma City is Eldo Whipple of the Center community. Five lads from various sections of Oklahoma were awarded prizes in stock judging and Whipple leads the five. The prize Young Whipple will receive is a free trip to the International Live Stock Show, which will open in Chicago, November 26.

## HARRISON COMPANY PLEASES LARGE CROWD LAST NIGHT

A program of unusual interest was seen at the McSwain last evening when the Harrison company, with its thirty people put on the first stock show seen at the new theater. This is a good clean show with a splendid bunch of performers. The program was brimming full of pathos, fun and various kinds of interest and the program was the best seen for many moons. It was a desert picture and held the interest of the audience throughout.

pay, however, and it accumulated. Efforts were made through various agencies to get the money due the young man, but it was not until Mrs. Snead tackled the job that results were forthcoming. An

investigator was sent from Washington to look into the case, and in a short time the check for \$2,200 had been received.

Some complications had arisen because of the fact that Trimble's wife had divorced him shortly after he entered the service. Upon being discharged, he married a second time. An Oklahoma statute provides that you cannot marry in this state until six months after being divorced.

The couple wanted to get married.
